We're a big part of
the community.

Contributing to strong communities is what we do.

Schooltex is proud to be part of The Warehouse's community initiatives, which focus on working with organisations that support families and young people.

At national level, we've partnered with the five leading charities above:

Waste and recycling.

We have a clear programme in place to reduce the amount of landfill produced across The Warehouse Group and increase the volume of recycling we can achieve.

Product stewardship.

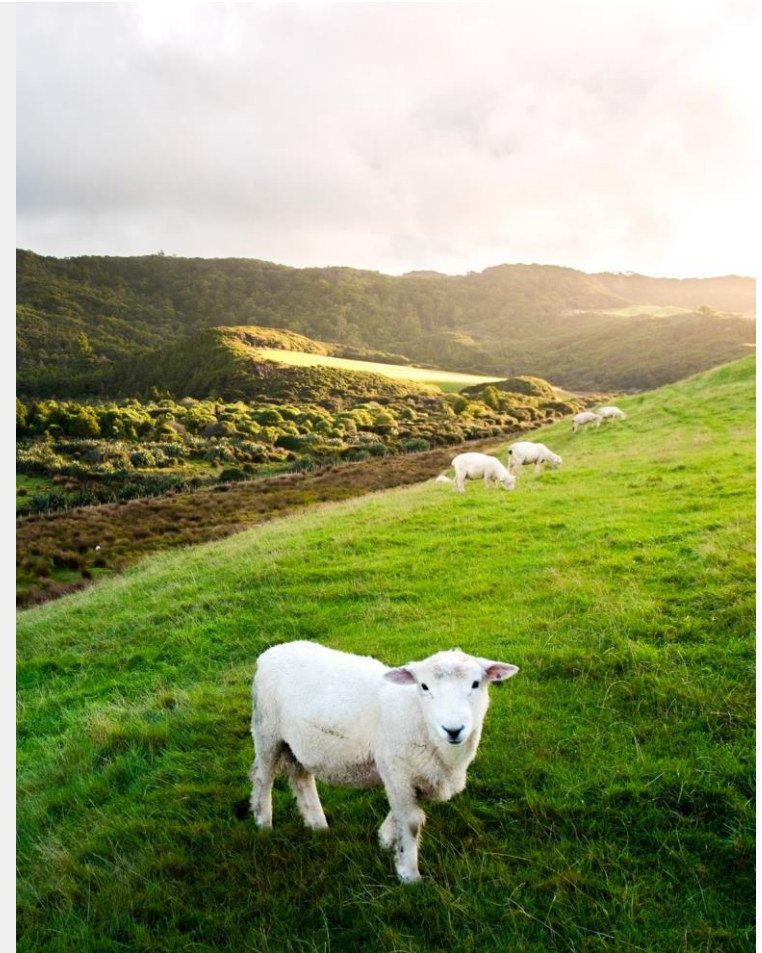

We are working with suppliers and recyclers to find cost effective ways to safely dispose of products that are potentially harmful to the environment when they reach the end of their useful lives.

Energy management.

We are working with suppliers and recyclers to find cost effective ways to safely dispose of products that are potentially harmful to the environment when they reach the end of their useful lives.

Ethical sourcing.

We recognise our duty to protect the welfare of workers in our supply chain and have closely collaborated with hundreds of factories to improve conditions for workers. We also have a sourcing team based in China to ensure compliance and investigate opportunities for better supply.

Doing more for
the environment.

Schooltex and The Warehouse Group are committed to operating in a sustainable manner and helping our customers to live their lives in the same way.
