

NMWC Regional Change Plan Hui Update Term 2 2024

Working with schools, young people, families/whānau, communities and other key stakeholders to deliver the NCEA changes.

Kia ora koutou,

This newsletter contains information to support your ongoing implementation of NCEA Level 1. As you will be aware the government is rephasing the NCEA change programme to develop the secondary curriculum of year 11-13 subject areas. Under the new timeline NCEA Level 1 (revised) and NCEA Level 2 will be fully implemented by 2028 and NCEA Level 3 will be fully implemented in 2029.

Ngā mihi nui,

Leigh, Rachel, Angela and Bob

TOD Resources

With the first TOD window (27th May - 7th June) for 2024 approaching it is worth taking some time to explore these linked [resources](#) created by the Ministry of Education. If you would like any support delivering the content, or for one of the team to facilitate a workshop at a staff meeting or on your teacher only day, please get in contact.

Within the TOD resources you will find a video (to be released mid May) introducing the science of learning, providing the evidence behind it and how this can be woven into teacher practice.

Mātauranga Māori

We were lucky last term to have Tania Roxborough and Ron Kelly facilitate two workshops on Change 2 - 'Equal status for mātauranga Māori in NCEA' with a focus on developing Mātauranga Māori into course design and teacher pedagogy. This [link](#) will take you to the presentation.

Revised Standards

NZQA published in April that Music 1.3 (91950) and Dance 1.4 (91939) have been revised. Supporting materials and the standards have been updated and can be found on the NCEA site.

Literacy and Numeracy CAA

Below are the date windows for the 2024 CAAs.

20th- 30th May 2024

9th - 20th September 2024

There will be different writing tasks for each week of each window to ensure authenticity of these assessments.

It is important to note that special assessment conditions should be offered to those the school and kura determine require SAC. Note a SAC application is not required through either of the gateways for the co-requisites. This link has [FAQs regarding SAC support for the CAAs](#).
