

Lemonwood Grove School – Safe Travel Plan

Lemonwood Grove and Council are working together to improve road safety and reduce congestion at pick up and drop off times.

Get Active

Walking, scootering or cycling with your children can be an adventure to and from school and significantly reduce congestion. Being exposed to the road environment also develops children's risk assessment skills and is good for health and wellbeing. If you have to drive, consider parking further away from school on one of the quieter surrounding streets and walking a short distance to one of the Kea Crossings.

Kea Crossing

There are two Kea Crossings to provide safe cross points to and from the school. The crossings are manned by trained student volunteers who are working hard to keep their school community safe. Everyone crossing Lemonwood Drive and Charlbury Drive, including adults, are asked to use the Kea Crossings when they are operating even if this makes your walk a few metres more. The crossings operate from 8.30–9am and 3–3.15pm.

Kiss and Go Zones

There is a Kiss and Go zone on the school side of Charlbury Drive. This zone is for caregivers to pull in and drop or pick up their children kerb side. It operates between 8.30–9am and 3–3.15pm. During these times this area is not available to park. If you need to go into school please park elsewhere. Kiss and go zones work best if you move forward to the front of the zone when safe to do so to allow vehicles in behind you.

No Stopping Marking

Broken yellow (no stopping at all times) marking is installed on sections of road around the school for safety to provide clear visibility of and for pedestrians. This marking means you cannot park at any time on the road way, the footpath or the road berm.

Be Mindful of Others

We all want our children to get home safe. This is your community and it's up to you to watch your speed and driving behaviour around the school and local residential streets. Manoeuvres like U-turns, pulling into driveways to turn and parking on the footpath can be dangerous around children so please drive considerately.
