Respiratory Virus

We have a lot of unwell youngsters in our community at the moment.

Please remember to keep yourself/kids at home if are unwell with respiratory symptoms.

Respiratory viruses like the RSV virus are highly contagious for up to 8 days and can turn to pneumonia and bronchiolitis.

The under 2-year-olds are particularly vulnerable and to protect them we need to isolate those who are unwell, reducing contact with them as much as possible.

Not all children will need to be seen or assessed by our clinicians as this can potentially spread the viruses further.

Keep unwell children at home, warm, well hydrated and rested. Call Amuri Health Centre if you have any concerns or for further advice 03 315 6328 to speak with a practice nurse.

Covid-19 Vaccination Update

We have had a fantastic turnout for vaccination clinics which is really positive. Thank you for your patience as we navigate the paperwork and logistics with this vaccination rollout! We are pleased to be able to offer this vaccination service at our health centre and we are well under way with our vaccination and recall process.

ALL those over 65 years + those with Chronic 'at risk' health conditions should now have been invited to book for vaccination. If you have received an invitation to book in, please contact us soon as clinics book out very quickly.

If you have missed out on a text message or letter regards this and feel you should have been considered, please give us a call to let us know so we can discuss this further & book you in if appropriate.

We are now asking **those aged 50 – 65 years who are keen for Covid-19 vaccination** to please contact us and register your interest for vaccination, as we often need to fill spaces in clinics or have left over vaccine, we can call you as and when these become available.

Thank you all for your ongoing support and enthusiasm.

Strength from Adversity Workshop

HDLG will be holding 3 workshops to help members plan for – and recover from – adverse events. We have secured some outstanding speakers who will talk about turning a tough season into opportunity, future proofing, performing under pressure, making good decisions, and managing stress.

Topics covered include:

Immediate options for turning a tough season into opportunity. Scenarios for the next 12 months – including gross margins in the context of reduced stock numbers, big feed or grazing bills and really positive price forecasts. What can we do/grow/buy/graze to make the most of what has been a challenging autumn and turn it into an opportunity?

Speakers: Wayne Allen/Jansen Travis. Both Wayne and Jansen are both very experienced and highly respected farm consultants who operate in the North Canterbury region.

Future proofing for the next adverse event (drought, flood, snow, wind, fire, earthquake, death, injury). What systems do we need in our business, what has worked well, how can we pre-plan our responses to future adverse events? Facilitator: Joanne Stevenson, psychologist, principal consultant at Resilient Organisations and local farmer.

Performing under pressure/making good decisions/managing stress.

Speaker: John Quinn, expert high-performance sport and mental skills coach, well known for his work with High Performance Sport NZ, NZ Cricket and NZ Rugby including the Crusaders.

Dates and Times:

July 26: Omihi Hall: 3-6pm

July 30: Cheviot Trust Hotel: 3-6pm

August 9: Culverden Fire Station: 3-6pm

Spaces will be limited and refreshments offered so
