Prescriptions

In the run up to Christmas, please remember to check when your medications will be next due, and organise your appointment with the GP in plenty of time. If your medication/s will run out over the holiday period you may not be able to get the prescriptions sorted when they are needed as the pharmacy will have reduced delivery around the public holidays at Christmas and the New Year so please remember to allow for this to avoid disappointment.

Mirena IUD

A reminder to all ladies that the Mirena device became fully subsidised last year. Mirena is an IUD for long term contraception and is considered the gold standard for birth control as well as management of other Gynaecological issues.

Mirena devices are now free and last 4-5 years.

A consultation is required to discuss the device, any implications and procedure as well as to prescribe the Mirena. The insertion and consultation fee are \$145, this is less if you are Community Services Card holder. The procedure is scheduled a few days after the initial consultation. If you think this may be an option for you or you would like further information, please give the nurses a call or book an appointment to discuss with the GP.
