

BUILDING IN YOUR BLOOD?

Are **YOU** interested in Gateway and its possibilities?
Do **YOU** have a chosen career in mind?
Are **YOU** interested in **real life experiences**?
Come and chat to Mrs Derham, located in the Guidance/ Transition Block.

Mau has building in his blood and often spends time with his dad in the garage at home working on personal projects together. His placement with Simon Construction has been hands on from day one at the Shirley Golf Course.

This year Mau has been working on his BCITO units under the Gateway Programme within the classroom, gained his site safe passport and has completed the Health and Safety and Hazard Identification courses. These achievements have so far gained him over 20 credits!

A family business is the dream goal for Mau and his brothers, so watch this space as these guys could be the next generations business owners and employers!
