Kia ora koutou katoa,

Applications are open for a range of our programmes including the newest addition, MindPlus YourSchool. Please have a read of the details below and get in touch if you would like to discuss our gifted education programmes.

MindPlus OurSchool

We have a few spaces left in our classes in our North Auckland and our Central Auckland units, and are looking for students to join those classes. If you have students who you believe would benefit from our MindPlus OurSchool programme then now is the time to get in touch with our office at hello@nzcge.co.nz for application forms.

MindPlus YourSchool

MindPlus YourSchool brings MindPlus directly into your school if you do not currently have a MindPlus OurSchool unit in your school. It provides the MindPlus experience to students and builds your capability in your school. We are really excited about the potential this programme has to support teachers AND learners together. In short, MindPlus YourSchool is a partnership between us at NZCGE and individual schools that provides professional learning for teachers as well as delivering the MindPlus programme directly into a school for your learners. To learn more about MindPlus YourSchool and explore the possibilities for your school, please get in touch with Madelaine Armstrong Willocks, our Head of Programmes at madelaine.willcocks@nzcge.co.nz

MindPlus Preschool

If you are aware of younger students who may need extra support, please take a look at MindPlus PreSchool. It offers early years gifted education up until the age of six. Please contact Ashle Armstrong for more information ashle.armstrong@nzcge.co.nz

Keep in Touch

Please visit our [website](#) and contact me or our office should you have any further questions about MindPlus and the programmes we have available to support your gifted learners.

Ngā mihi,

Ryan

Ryan Abbott

Assistant Programme Manager North - Auckland, Tauranga and Rotorua

Assistant Programme Manager South - Christchurch, Lincoln and Mid Canterbury
