

Recommended Second Hand Uniform Pricing

Generally, items are sold for half of the current new uniform pricing.

The seller receives 70% of the sale price and the PTA receives 30%.

The PTA holds the item for 12 months and if not sold becomes the property of the PTA unless the seller wishes to collect the item back before the 12 months is up. Note: The owner of the unsold uniform items is responsible for collection of said items before the 12 month period expires. It is not the PTA's responsibility to remind them. If the uniform is not collected it becomes a donation to the PTA who will then receive 100% of the sale price.

Be firm when accepting items. The school wants the girls to look their best.

Items Size 6 – 12 are in short supply so take this into account when undertaking the receiving/intake check.

Before accepting any item for resale, check:

That items are the current model

That items are not dirty, stained, faded, pilled, shrunk, torn or worn out around cuffs etc

Blazers & kilts must be dry-cleaned. **Do not accept items that have been washed instead of dry-cleaned as they will never look their best again unless they are re-drycleaned.**

Hems maintain their original fabric length and have not been shortened above the regulation length

i.e. mid-calf for junior and senior summer uniforms and 10-20 cm from the ground for kilts

That all zips work

All buttons and buckles are in place. The PTA holds stock of second hand buttons and buckles that could remedy the problem if the buyer is happy to do this and the item is in good condition otherwise.

Pleats on kilts, dresses and skirts and pockets on summer uniforms are not ripped or coming undone.

Senior dresses have at least one collar in tidy condition and have the regulation fabric belt.

Item	Amount
