

Account Set Up Guide

Account Creation

1. Create a free account

Visit linktr.ee/register and fill in your information.

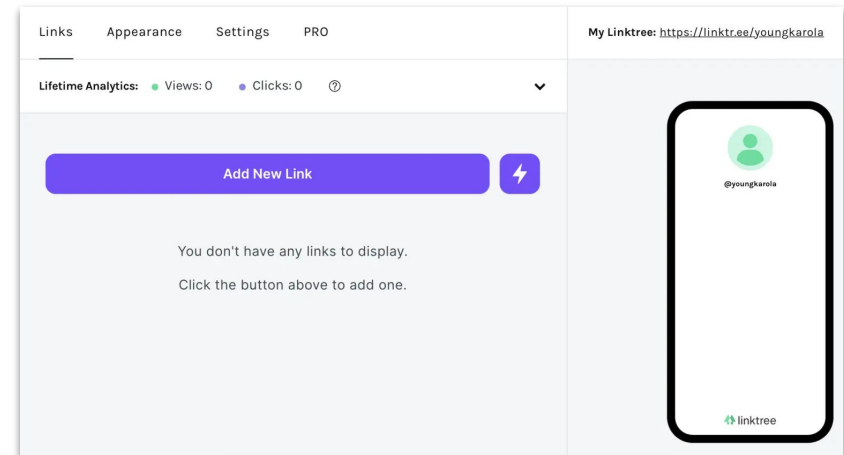

The screenshot shows the Linktree registration page. On the left, there's a white form titled "Create an account for free" with the subtext "Free forever. No payment needed." Below the title are three input fields for "Email", "Username", and "Password". At the bottom of the form is a checkbox for "By creating an account you are agreeing to our Terms and Conditions and Privacy Policy" and a "Sign up with email" button. To the right of the form is a vertical purple banner with a collage of circular images, including the UN logo, a person on a skateboard, "The Guardian" logo, and other celebrities.

2. Add links

Once you have verified your account, you will be able to access your dashboard.

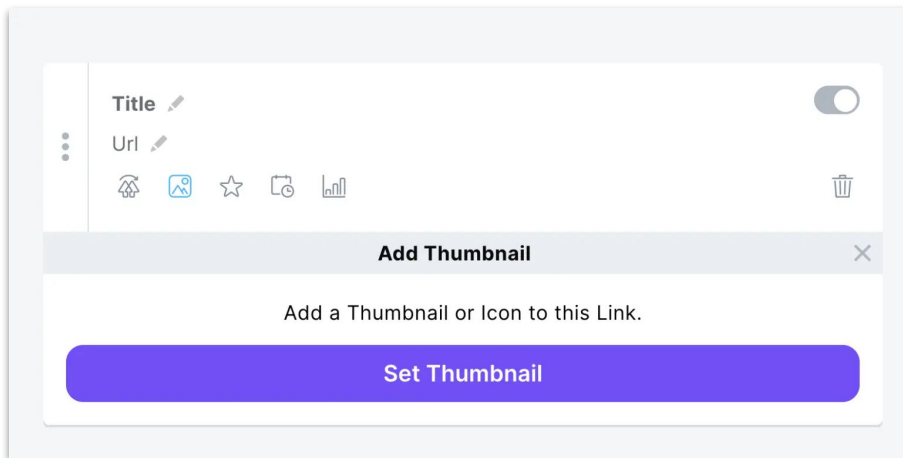

Click the purple **Add New Link** button on the home screen to add your first link.

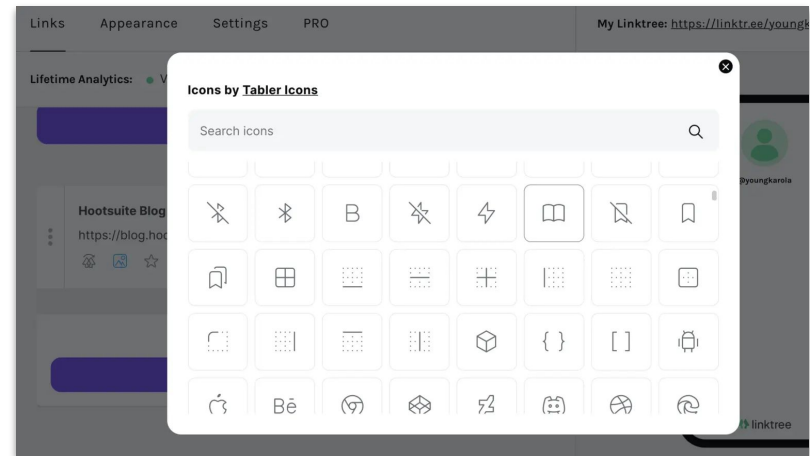

The screenshot shows the Linktree dashboard. At the top, there's a navigation bar with "Links", "Appearance", "Settings", and "PRO". Below this is a "Lifetime Analytics" section showing "Views: 0" and "Clicks: 0". A large purple "Add New Link" button with a lightning bolt icon is prominently displayed. Below the button, it says "You don't have any links to display. Click the button above to add one." On the right side, there's a sidebar with "My Linktree: https://linktr.ee/youngkarola" and a mobile phone preview showing a profile with a green avatar and the handle "@youngkarola". At the bottom of the phone preview is the Linktree logo.

5. As you add links, you will see a preview of your link tree on the right side of the dashboard:

6. Organise your links

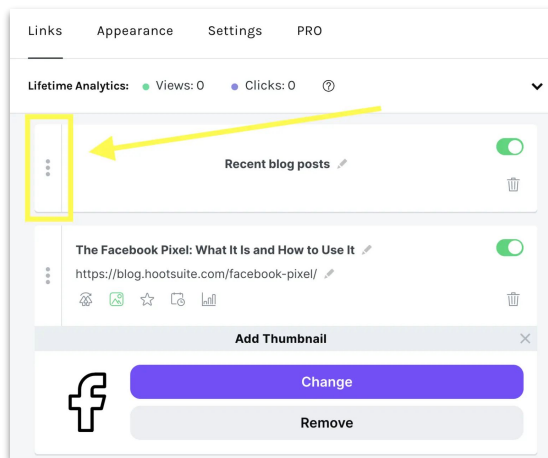

Click on the purple lightning icon to add special links or headers. Headers will help you organise your links by theme or purpose.

Account Creation

7. At any point, you can move your links and headers around.

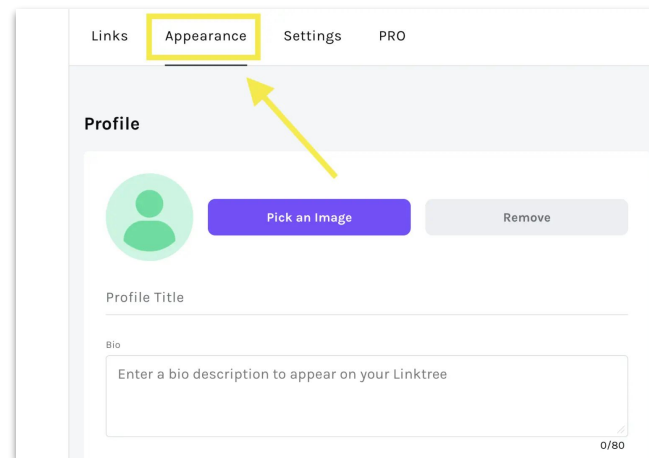

Simply click on the three vertical dots icon and drag the element to its new placement.

8. Customise the appearance of your link tree.

With all the links in place, it's time to make your link tree truly yours.

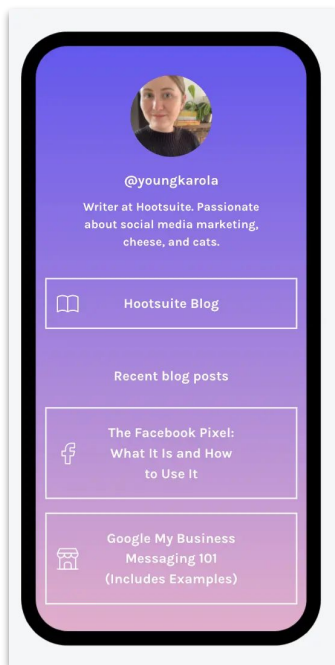

Start by heading to the Appearance tab in the top menu.

Account Creation

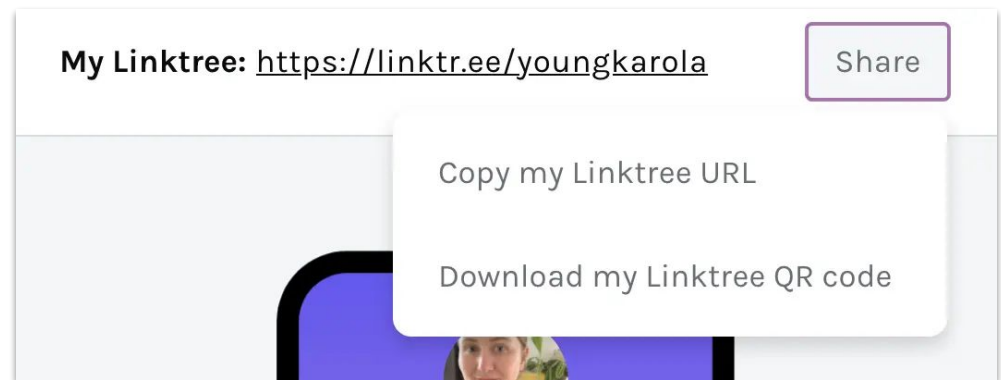

Here, you can add an image and short description to your link tree page.

You can also change your link tree's theme. Several free options are available. Pro users can create their own custom themes.

9. Add your link tree to your Instagram bio

You're all set! Now that you have your custom link tree ready to go, it's time to add it to your Instagram bio. Simply copy the URL from the top right corner of the dashboard.

Account Creation

Then, head to your Instagram account, click **Edit Profile** and add the URL to the **Website** section. All done!
