

Building Location Certificate

Please email this certificate to: buildinginspections@dcc.govt.nz

Guidance can be found here: www.dunedin.govt.nz/building-inspections

Building consent number:

Property address:

Date survey was undertaken:

Surveyor's job reference:

CERTIFICATION STAGE

This certificate is reviewing Stage _____ of _____ as per the building consent.

Comments:

BUILDING LOCATION

Are the surveyed building elements in accordance with the dimensions shown on the approved building consent plans?

Yes ☐

No ☐

Attach a marked-up copy of approved siting plan showing measured dimensions and element description.

If siting is not in accordance with the building consent, outline the departures on diagram and comment below. Include photos if relevant. (NOTE: the surveyor must state the level of accuracy that has been achieved as this will determine if an amendment to the building consent will be required).

Comments:

DECLARATION

We have been engaged to carry out the necessary field survey(s) to establish the items above and believe on reasonable grounds that the information provided is true and accurate and confirm that the building has been set out in accordance with the approved building consent documents.
