

COVID CASE MANAGEMENT AT PHASE 3

As we navigate the Phase 3 of the Covid-19 Omicron outbreak, there will be cases that start to arise in our Rangiora Borough School community. Communication with our school community, once a case is confirmed, will be guided by Public Health and the Ministry of Education. Planning for the possibility of absent staff and/or students is complex and will require flexibility and patience from everyone involved in and around our school. The information on this page is a step by step guide of what to do for your child and who to notify as cases emerge.

Rangiora Borough School's response to the Omicron outbreak will happen in four stages depending on case numbers at school and in the community.

STAGE 1

School is open with all students learning on-site.

STAGE 2

School is open with some students on-site and some students learning from home.

STAGE 3

School is open but the school site is closed. Distance learning programmes are in place.

STAGE 4

School is closed with no learning programmes available due to staff illness.

Your child tests positive for Covid-19

Contact the school as soon as possible.

Self isolate for 10 days.

Your child can return to school on day 11 if no symptoms.

A household whānau member tests positive for Covid-19

Contact the school as soon as possible. Your child is a household contact

Isolate for 10 days, monitor for symptoms, and get a test on day 3 and day 10

Your child can return to school on day 11 if no symptoms.

Your child is a close contact of a positive case not in their house

Inform the school

Your child can continue to attend school

Monitor your child for any symptoms and get tested if unwell. You child can return to school after a negative test.

A household whānau member is a close contact of a positive case

Inform the school

Your child can continue to attend school

Monitor your child for any symptoms and get tested if unwell. You child can return to school after a negative test.
