

MIRAMAR NORTH SCHOOL

Responsible Use Agreement

Introduction

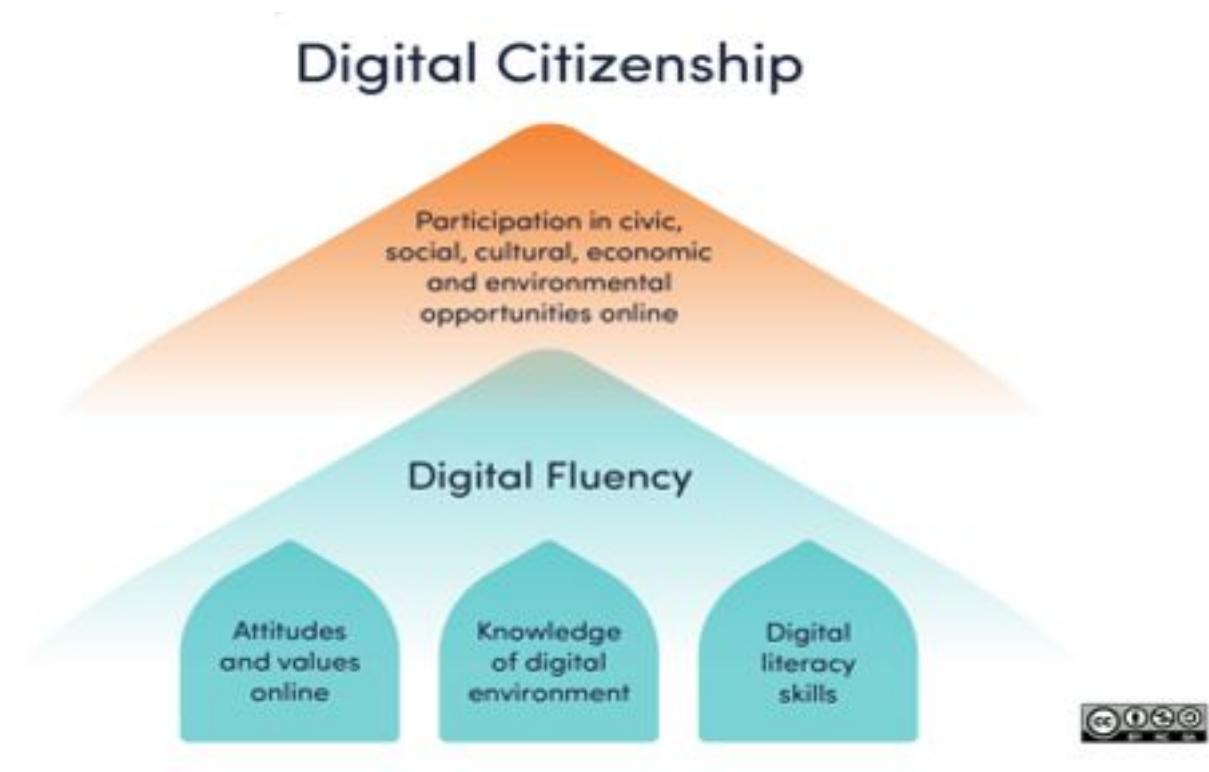

Miramar North School believes in a Digital Citizenship model for supporting safe and responsible use of the internet in teaching and learning. An important part of this is that we are able to show others what that responsible use looks like while we are using technology in our learning.

We think a good digital citizen is someone who;

- is a confident and capable user of ICT
- will use ICT for learning as well as other activities
- will think carefully about whether the information they see online is true
- will be able to speak the language of digital technologies
- understands that they may experience problems when using technology but can deal with them
- will always use ICT to communicate with others in positive ways
- will be honest and fair in all of their actions using ICT
- will always respect people's privacy and freedom of speech online
- will help other to become a better digital citizen

Because we know this is important for us all, we ask everyone, the staff, students and volunteers working at the school to agree to use the internet and other technologies in a safe and responsible way by following the rules laid out in a Responsible Use Agreement like this one.

If someone cannot agree to act responsibly, or the things that they do mean that other people are being harmed, then we might stop them from using the internet or other technology at school.

These rules will help me keep cybersafe

	I will only go online or use the internet at school when a teacher gives permission		If I find anything that upsets me, is mean or rude or things I know are not acceptable at our school, I will: <ul style="list-style-type: none"> • Not show others • Get a teacher straight away
	If there is something I am unsure about I will ask the teacher		I will not put my personal information online. Personal information includes: <ul style="list-style-type: none"> • Address • Phone numbers • Personal photos

I will be careful and look after our ICT equipment by: <ul style="list-style-type: none"> • Not being silly and playing around with it • Following our school cyber safety rules • Telling a teacher about anything wrong or damaged
I understand that if I break these rules, the school may need to tell my parents
