

# DONATIONS 2024

Here is the GHS donation structure for  
2024:

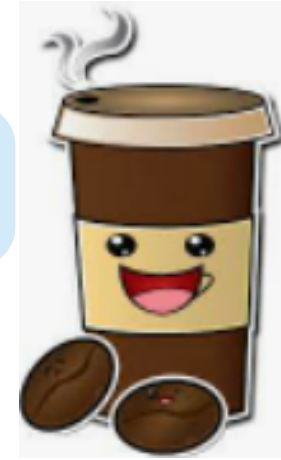

**1st child - \$200**

**2nd child and subsequent children- \$100**

That's just \$3.80 a week for a year - *not even the price of a coffee!*

OR

\$16.60 a month from Jan to Dec - *same as just one bottle of wine!*

If we received donations for all the children that currently attend GHS, we would have an extra **\$110,000** added to our budget each year.

## HOW CAN I PAY?

**It is easy.** You can pay via the online school shop (KINDO) and you can pay in installments if you would like so you are in charge of your payments.

OR

At the school office with cash or card.

Receipts will be issued for all donations so that you can claim back the tax if you wish.

Gulf Harbour  
SCHOOL  
BE THE DIFFERENCE

# DONATIONS 2024

## WHY PAY?

Gulf Harbour School is a Decile 10 school. As such, we receive the lowest possible level of funding from the Government to run our school. The Senior Leadership Team and Board of Trustees work extremely hard throughout the year to manage these funds and ensure that our students get the best possible education. In addition to this, our teachers, support staff and PTA Deckhands work tirelessly throughout the year fundraising to help provide the resources our children require.

Donations form a vital part of the finance plan, and pay for key resources at our school that are not funded by the Ministry of Education. As we are a decile 10 school, the local community are seen as having the funds to help with resourcing the school through their donations, to help ensure all of our students have the opportunity to succeed and excel in school life.

**Without your school donation, Gulf Harbour School may not be able to afford to provide some opportunities for your children including (but not limited to):**

- \*Teacher aides and additional staffing not funded by the Ministry of Education, to assist students, including those with learning and support needs.
- \*Support and extension programmes not funded by the MoE, such as Literacy and Mathematics support.
- \*School environment and improvements, play equipment and maintenance.
- \*Professional development for our teaching & support staff so they can continue to help students make progress in their learning and support their well-being.
- \*Additional resources to support our Te Reo and The Arts curriculum.

**In order to provide the best possible opportunities for our children the Senior Leadership Team and Board sincerely hopes that we can rely on your continued support and payment of this donation.**

**THANK YOU THE 50% OF FAMILIES THAT PAID THEIR DONATIONS In 2023- THIS IS GRATEFULLY APPRECIATED**
