

# **Wellington Camp**

By Utu, Liam and  
Connell

Monday - Aka  
Travel Day

That night we went  
to ten pin bowling  
and everyone was  
in mixed groups  
and had a lot of fun  
playing ten pin  
bowling.

We went to Weta Workshop, there were two people telling us about  
how they made stuff or how stuff worked.

They told us stories about the actors and funny secrets about the  
actors as well. We also saw all the movie props.

(we weren't allowed to take photos inside)

Tuesday

At the police museum there were two police men telling us about their jobs and answering our questions. After that we looked around the police museum and looked at all the interesting stuff they had and reading all the stories on the wall.

Adrenalin Forest is a place with a lot of obstacles like crossed logs, barrels, a commando flying fox and Tarzan jump.

If you're scared of heights and want to get out of your comfort zone this is the activity for you.

Wednesday National  
Library/  
Parliament

Fun fact: Kate Sheppard overlooks the new  
housing developments on Kate Sheppard  
street

Wednesday

When we got to the library we saw the  
Treaty Of Waitangi we saw the women's  
suffrage

Parliament

We got to meet the Mr Speaker  
and go into the chamber(it heated  
up when Jacinda went in)

Thursday

On Top - Gallipoli Life Size War Exhibition, it showed us the Anzac advantage and the Dutch advantage and first person views.

Below- Defence Force careers we got to find out. What jobs we could do. We could go in the Navy when we're 18, or in the Air Force if we had 20/20 vision and were 18 or over

On Friday we went to Capital E to shoot a video and it was really cool to see all the technology that goes into it and seeing all the behind the scenes work going on.

That night we went to laser tag. the games were 10 minutes long so whilst we wait for the next game we played free arcade games and it was really fun.
