Are you considering which intermediate school
your child will attend?

Green Bay School has a
dynamic intermediate department:

- Our students benefit from a comprehensive classroom programme that centres on all essential learning areas of the NZ Curriculum.
- We offer specialist Science and Korean language programmes.
- Our students attend Green Bay High School for Technology and are advantaged by the expertise of their specialist teachers running the GBHS Technology programmes.
- The uniqueness of our smaller intermediate department supports closer connection between teachers and students.
- Our students have a greater opportunity to participate in the wide range of sporting, cultural and academic activities that are offered.
- Y7&8 students enjoy a bi-annual Camp to Tongariro Crossing and an annual Sports Camp at Totara Springs (for selected students).

Come along and view the range of programmes that
our Year 7&8 students participate in.

This is also an opportunity to meet with the
teachers of our intermediate team.
