

Navigating the system

Do you have a disabled child, a neurodivergent child, or a child with a health impairment? Learn more about what supports are available and how to access them.

Learning about the various disability support services can be overwhelming for many parents and caregivers. This workshop explores what supports are available in your region, and gives participants the opportunity to hear from professionals who work in the sector. Learn more about:

- Topic 1: Individualised Funding and how it increases your choice and control of who provides support and how and when you use it
- Topic 2: Preparing for a needs assessment and reviews/reassessments
