Food and transport

Please see <https://wellsouth.nz/community/health-promotion/low-cost-food-and-transport-map/> for a map of affordable (free or lower cost) food (including community gardens) and transport options available.

Taken from the Taieri Network Community Connector:

In September a group of individuals and organisations sat around the table at Taieri Network to discuss what transport options are available for those who are elderly, disabled and unable to drive or are not very mobile.

How do these people get to the supermarket to get essentials? How do they get out and socialise and connect with family, friends or attend clubs or hobby groups?

There are options, and they cover rural areas like Allanton and Outram, so here we go....

Plus Bus: offers a safe reliable and friendly service taking clients to the supermarket. They assist with carrying your groceries. Operating in Mosgiel on Wednesday. New and temporary users welcome. To book phone 03 455 4050. Please leave a message if no one is in the office. Website <https://plusbusdunedin.co.nz/>

Big Johns Mobility Service: is a proud locally owned and operated supplier who assists eligible people with long-term impairments to meet their daily needs with door to door service. Drivers understand unique requirements of each passenger and are a registered vendor with ACC as well as being a provider for the Total Mobility scheme. They can provide a wheelchair accessible vehicle upon request. To book call 0800 566 893 or 022 524 4564, website <http://www.bigjohns.co.nz/>.

Driving Miss Daisy: covers the area from St Clair, down the eastern seaboard to Milton, and encompassing Mosgiel/Outram and the greater Taieri area. The reliable and trustworthy Daisy team caters to all of your needs, and can provide a wheelchair accessible vehicle on request. They are a registered vendor with ACC as well as being a provider for the Total Mobility scheme. Fares are charged by time (not distance). To book, phone Dunedin South: 03 486 2033 or 021 503 498.

[St Johns Health Shuttle](#): Friendly and fully trained St John volunteers pick you up and take you to where you need to go. Depending on your location they can pick you up from your home or from a dedicated meeting point and take you to doctors visits, dental appointments, specialist appointments, day-surgery, or any other type of health and wellbeing appointment.

Some shuttles are fitted with hoists or wheelchair access, for clients with limited mobility. A daily shuttle passes through Allanton. At this stage they do not go to Outram.

Once registered, book 24 hours prior appointment by phone 0800 103 046. There's no charge but a koha (donation) is appreciated.

[Freedom Companion Drivers Dunedin](#): able to help and support others in the community in a compassionate and non-judgemental way, providing great customer service driving people from A to B. Able to drive wheelchair users, as long as they can self-transfer into the car.

As a registered vendor with ACC as well as being a provider for the Total Mobility scheme, they can drive you to your appointments or to the supermarket. They also offer a personal driving service for tourists visiting Dunedin and surrounding areas, hired for a half or full day and make long distance trips to Central Otago. To book, contact Sally ph 03 471 8177 or email dunedinnorth@freedomdrivers.co.nz.

[Mobility Vehicles Dunedin](#): the majority of clients use wheelchairs, but non-wheelchair clients also enjoy our service with seating arrangements for easy access for people with limited mobility or with walking frames or sticks. They are a registered vendor with ACC as well as being a provider for the Total Mobility scheme. To book, phone 022 089 3665 or email book@mvd.co.nz.

[Dunedin Cancer Society](#): this volunteer service is available to those with a cancer diagnosis who for any reason are facing difficulty in getting their own transport to treatment. The driving service is delivered by registered volunteer drivers who gift their time and use their own vehicle to provide transport for patients to cancer related appointments. To book a driver or seek further information, call 021 241 9660 (please give 48 hours notice prior to the appointment date when booking). There is no cost for the service.

How much does it cost?

Costs vary depending on length of trip so it is best to contact each organisation and ask for a quote or estimate. You can reduce your fare if you are eligible for the ORC Total Mobility Scheme - details are [here](#).

GPs and Clinics

Visit <https://www.healthpoint.co.nz/> for up-to-date information about healthcare providers, referral expectations, services offered and common treatments in your area.

Some GPs offer Access & Choice Services (Health Improvement Practitioners, Health Coaches, and Community Support Workers).

- Health Improvement Practitioners (HIPs) are registered health professionals who specialise in behavioural health. They assist people, of all ages, to take positive steps in improving their physical, social, and mental wellbeing.
- Health Coaches (HCs) work alongside people to support understanding of their health and help set goals for leading a healthy lifestyle.
- Community Support Workers walk alongside people in the community offering practical support for leading a healthy lifestyle, connecting with services, social engagement and achieving goals.

Visit <https://www.wellbeingsupport.health.nz/> for a list of GPs with these services.

Your GP can also refer you to Brief Intervention Services, which provide up to five 1-hour sessions with a registered health professional. BIS assists with mild to moderate health needs, including stress, anxiety, low mood and depression. This is a free service. Both adult and youth services are available.
