

# Columba College Middle School Stationery List 2026

Ensure that you check the lists for core stationery and specific year-level items

**Please note:** Some classes use supporting texts to complement teaching and learning. We are able to buy these texts in bulk and to offer them to you at a reduced cost. The resource(s) will then be charged to your school account and will be issued to the student at the start of Term 1.

**If you would prefer to NOT purchase supporting texts via the College,** please click on the appropriate hyperlink and fill in the Google form. You will then need to find and purchase your own copy *or*, if you do not buy one at all, the student will be able to borrow one of a limited number of in-class copies. Unfortunately, these loaned in-class copies cannot be taken home or written on.

**ART STUDENTS:** All Art materials will be provided by the Art Department and charged to your account. You will receive a breakdown of costs at the beginning of the year.

## Middle School core stationery (all students should have these items)

It is strongly recommended all students in Years 7-10 have access to the digital learning tool, *Education Perfect*. This platform is used to reinforce the learning from class as well as to both extend and support individual students' progress as needed. A one-off charge of \$44.00 will give each student access to the full range of *Education Perfect* subject resources for the year.

If you would like to opt out of *Education Perfect*, please indicate this by using the opt-out form for your Year level below.

***All students are encouraged to bring unused resources from previous years in place of the listed items***
