VALUE

Four-year scholarship programme (valued at \$28,000) managed by First Foundation to provide talented young New Zealanders opportunities and resources to help them successfully navigate from school, through university and into a meaningful career.

Our life-changing 4 year programme offers:

- A personal mentor* for 4 years (Year 13/1st Year University to 3rd Year University)
- Exposure to Work ** (4-5 weeks per year)
- Access to wrap around support from First Foundation's Student Support Team
- Access to Workshops and Events***
- \$14,000 towards tertiary fees/costs**** at degree level (\$2,000 at the end of the final year of school, \$4,000 per year for the second, third and fourth year of university)

*All efforts will be made to successfully match scholars to a personal mentor in their recruitment region by the Orientation and Induction in January – February. There may be delays if scholars are recruited outside of our main regions (Auckland, Wellington, and Christchurch) OR if a scholar moves away from their recruitment region.

**Not all scholarships naturally come with work experience opportunities. Where they don't we will make every effort to work with you to create those opportunities.

***Workshops will primarily be delivered online, larger events will be delivered in our main regions (Auckland, Wellington, Christchurch)

****The scholarship provider determines how the scholarship funds can be used. The scholarship funds are primarily for tertiary fees. However, some scholarship partners do allow scholarship funds to be allocated for some university costs such as, textbooks, coursework resources, transport, accommodation, and IT resources. Please note, this is not guaranteed for all scholarships.

ELIGIBILITY

First Foundation scholarship applicants must meet ALL of the following criteria:

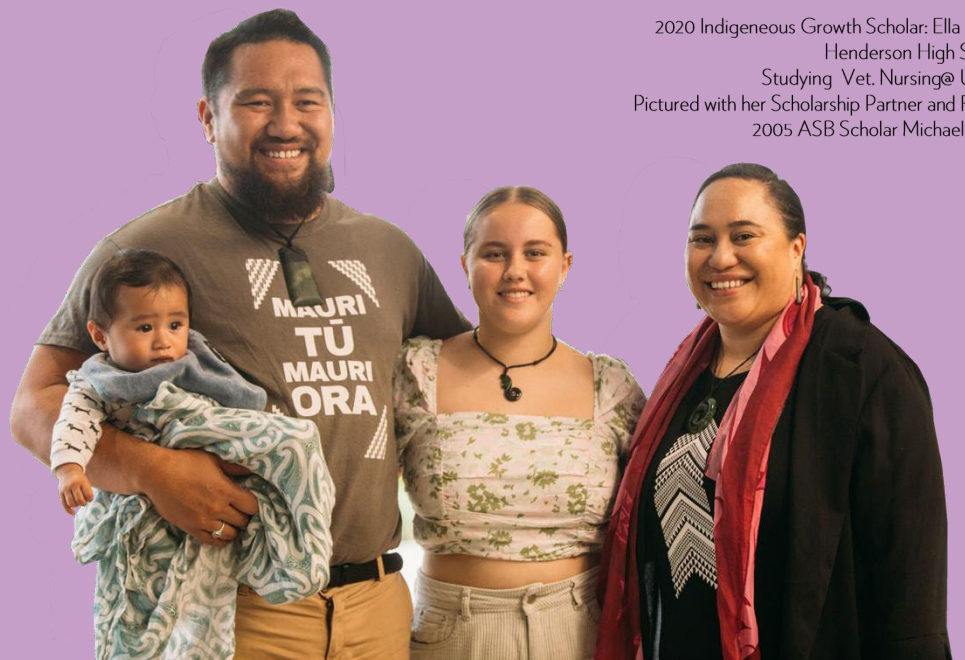

- Household income threshold guidelines
