

# Fortunately / unfortunately

My alarm clock rings at 5:10.. I've got raffle tickets. My mum says I can go.  
I'm allowed to pick 3 friends to come with me and also my mum is coming with us!  
It's an ultra secret surprise tho..

*Unfortunately the bus driver took a wrong turn.*

*Fortunately he had Siri!*

*Unfortunately she was speaking Spanish*

*Fortunately he figured out where he was*

*Unfortunately they fell off a cliff*

*Fortunately they had parachutes*

*Unfortunately they all popped*

*Fortunately they had a back up*

*Unfortunately they had a rough landing*

*Fortunately no one was hurt*

*Unfortunately some one was still in the air with no parachute!*

*Fortunately he landed on a swan*

*Unfortunately the swan couldn't hold his weight*

*Fortunately they were close to the ground*

*Unfortunately he was the only one with minor scrapes*

*Fortunately they all ended up getting food and being alright.*
