

Suckys Suck

By

Max, Renato
and Zakaius

Kids slurp on these, they make plastic pollution.

We need to save earth buy buying this kind of yoghurt.

This kind of plastic can be recycled, sucky plastic cannot.

You need 14 x 70 gram suckys to make a kilo..

You need one of these to make a kilo.

4.9
\$0.49
Limit 4 A

You pay \$24.50 for a kilo of yoghurt this way

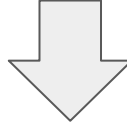

You pay \$6.35 for a kilo if you buy this.

A little tub only costs \$3.69 and you can use it again and again.

\$0.49
Limit 4 /

Don't buy these suckys

THANK YOU
for thinking of our environment.
