

# Fortunately and unfortunately

My alarm clock rang and I got ready to go by bus to Brazil.

Unfortunately the bus driver took a wrong turn

Fortunately he got to Brazil

Unfortunately the bus driver died

Fortunately the bus driver woke up because he was just sleeping

Unfortunately he couldn't see because there was a newspaper on his windscreen

Fortunately he got rid of the paper

Unfortunately the people on the bus died

Fortunately he was the only one left

Unfortunately he died too

The end ?????????? did he die?
