Questions and Answers

Can I continue using the current Web Portal / App ?

The current KAMAR Web Portal and app will continue working "as is, where is" until the end of 2024. It will no longer be functional in 2025

What about the KAMAR mobile apps?

The Android and iPhone apps will no longer work with the new Portal. We've optimised the Web Portal for use on mobile devices, so students and whānau can use the Web Portal on any device with an internet connection.

You can even "save" the Web Portal as a bookmark, making it look and feel just like an app, but without the hassle of updating anything.
