

Fortunately / Unfortunately

Me and Ever and Elma and my dog woke up with the alarm clock and we got ready to go on the school bus to the pool

Unfortunately the bus driver took a wrong turn

Fortunately the driver had a map

Unfortunately the map was a map of a theme fun park

Fortunately the bus driver had another map of New Zealand

Unfortunately the map was fake

Fortunately he had another map and it was the right map

Unfortunately the map took us to the zoo not the pool

Fortunately the zoo had a pool so we got to see the animals and have a swim
