Shoe Clinic
The fitting choice

How the shoe picks you

At Shoe Clinic there are footwear models from the world's finest sports and school shoe brands. Each model has particular technical features designed for differing physiological needs, as every child's foot is different and they continue developing through to young adults.

Correct fitting footwear helps day-to-day performance and reduces the risk of injury.

Caring for your feet

- Wash your feet every day, and dry thoroughly, especially between each toe
- Wear only good quality, well fitting socks such as Drymax and Thorlo
- Always wear the correct shoes for each sport and surface
- Seek professional advice from a Podiatrist or Physiotherapist if your child has any of the following symptoms:
 - You notice uneven shoe wear
 - You notice skin rashes or lumps on your child's feet
 - Your child complains of recurrent pain in their feet or legs
 - Your child is constantly tripping or falling.
