

Art

All students doing Art at senior levels have a lot to do before the end of the year if they are to complete the folios that are required for their external submissions. Consequently, it is important that each student takes responsibility and do independent work after school and throughout the holidays. To aid the students in the production of the best possible work that they are capable of, the Art Department is running workshops throughout parts of the second week of the holidays. The time and dates for these workshops are as follows:

Note: The Art Department teachers are available most days after school.

Monday 10 th October Ms Helps

Tuesday 11th October Mr Pickles/Miss Helps

Wednesday 12th October Mr Pickles

The art rooms will be open from 10am – 1 pm each day provided students are prepared to turn up. If no one has arrived by 12am the teachers will close the art rooms for the day.

12 Mathematics

I would like you to be aware that I will be running tutorials in either D21 or D22 at the following times. I will do a brief introduction covering the “must knows” on each topic, then hand out a question to do. If you prefer to come along and work independently on any questions that you have been working on at home then that would also be welcomed.
If there is an issue with availability of these rooms at any time then I will post the new location on the door.
