The Whole Nine Cards

We are a group of Year 12 students taking Business studies. We intend to start a business by making greeting cards as one of our major internals. By doing so, we hope to make it easier for members of our community to buy our cards, we hope to help them save money by selling our cards at lower prices. The average prices of a greeting card from retailers are between \$5 - \$9, but our business is not like that. Our organization wants to create a set of customizable or prepackaged cards in a pack of 9. We call our business 'The whole nine cards'. We also want to donate a portion of our profits to the charity called 'Will to Live' organisation which promotes mental health awareness and provides physiological support to rural farmers.
