The advertisement features a light beige background. On the left is the 'Flaxen Linen' logo, which consists of the brand name in a serif font, with 'Naturally handmade clothing & accessories' in a smaller sans-serif font below it, all enclosed within a dark blue laurel wreath. To the right of the logo is a horizontal strip of six images: a woman sitting and reading a book, a white linen top hanging on a hanger, a collection of various scarves hanging on a rack, a close-up of a woman wearing a patterned scarf, a close-up of several folded scarves, and a close-up of a piece of patterned fabric. Below this strip is a paragraph of text describing the brand's offerings.

Flaxen Linen clothing and scarves are easy-to-wear, kind to the environment and one-of-a-kind. Handmade from natural, ethically sourced fabrics. Choose from oversized Linny-T's, repurposed linen Bea and Evie tops or linen/cotton infinity scarves.

CANDLES + CREAM

Candles and Cream will have a selection of hand poured soy candles and hand crafted skin care products available. Botanical Radiance Candles smell divine and look good in any home. Botanical Bliss is a natural, therapeutically blended skin care range plus muscle balms, chest rubs and room sprays.

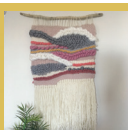

To own a The Hope Tree creation is to own a carefully handcrafted product of stunning looks and vibrant colour with the voluptuous softness of Merino leather. Each The Hope Tree piece is really unique as the texture of Merino leather varies from skin to skin. Opening a The Hope Tree creation reveals the hidden surprise of the premium quilting fabric lining that is carefully selected to enhance the stunning colours our Merino leather is available in. A The Hope Tree product is more than a bag or purse - it is truly one-of-a-kind work of art, not just to be admired for its beauty but also to be used and touched.

Luxibuff Natural Skincare

Natural skincare and artisan soaps made locally in Christchurch using natural and organic ingredients. Their ethos is simple... "skincare that is good for you and good for our world". There are NO phthalates or sulphate, NO palm oil, NO soy and all products are cruelty FREE. They love producing a beautiful product that can be a thoughtful gift for you or someone else. They hope you enjoy using the products. Your skin will thank you for it.

I am Selina the creative behind Bee Weave. I make nature inspired wall hangings. Most of the wall hangings are 100% wool, some have added cotton throughout. Bee Weaves wall hangings are designed to add texture to your home.

Miss Olivia creates framed pebble and sea glass artworks alongside watercolour art prints. All of her pebbles are carefully handpicked from local Canterbury beaches and rivers and transformed into something unique. Her creations make perfect gifts for loved ones or a special new addition to your home. Custom orders welcome.

AMELIORATE DESIGNS

CRAFTED • UNIQUE • STYLISH

With a passion for fabric, Kerry-Anne from Ameliorate Designs loves to print and dye her own and create clothes, pouches and other loveliness with her designs. When you purchase from Ameliorate Designs you are purchasing stylish, unique creations- not mass-produced items resting assured that you are getting a well-made, quality, individual product.

Liluto Ceramics is handmade by Lili in her home studio in Sumner. I love making bowls, mugs and cups with the idea that my art is something that people can use day to day, cherishing the food and drink they have out of my vessels as they hold it in something that's been handmade with love. My work is playful, aesthetic and every cup is one of a kind, just like the earrings and lamps I make. I do this out of a passion for art and love for the handmade and can't wait to share it with everyone at the market!
