

# FREE OPEN DAY

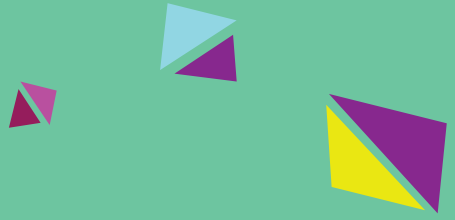

Clear your calendars folks! On **Saturday 9th April, 1.30pm - 4.30pm** we're hosting an Open Day full of fun, learning, freebies and of course some tasty treats - and you're invited.

For the parents, aunts, uncles, grandparents and educators it's a great chance to take a look around our lab, meet friends and family for lunch and have a cuppa (on us!) with some like-minded locals.

For the little ones, it'll be excitement galore. Meet a robot, experiment with augmented reality, or get messy with rockets and scribble bots. In other words, there'll be a selection of taster sessions on offer where kids will be introduced to stop-motion, green screening, 3D design and science!

**We'll also throw a bunch of discounts in the mix for good measure >>**

Book a School Holiday Programme session on the day and you'll receive \$50 off your booking; book one the following week and receive a \$20 discount!

And to top things off, there'll be a tonne of **spot prizes** available to some lucky guests on the day.

There'll also be a pair of special discounts on offer for the educators present. Book those hard-working students of yours a trip to the lab **before 15th April** and get the whole class **half-price**. Otherwise, book on any other date and the first 10 can come for free (for groups of 20+).

So head down to our base at **24 Walker St, Christchurch Central** from **1.30pm - 4.30pm on April 9th** with family, friends, neighbours and colleagues in tow - a whole new world awaits.

RSVP here [bit.ly/TMLopen](http://bit.ly/TMLopen) and we'll see you there!
