# Important Changes TO CANTERBURY RECYCLING

**Only plastic types 1, 2 and 5 can now be recycled.**

Mixed plastics 3, 4, 6 and 7 and any soft plastics that can be scrunched into a ball need to go in the rubbish. You can help keep your recycling out of landfill and reduce waste by:

- Keeping soft plastics out of your recycling bag
- Rinsing and keeping recycling clean
- Buying plastic types 1, 2 or 5 or more sustainable packaging
- Putting your food and drink cans in a separate recycling bag
- Having a "no junk mail" sticker on your letterbox
- Separating recycling if you're bringing it to the transfer station i.e. cardboard, cans, plastic, glass

These changes are affecting all of Canterbury and are driven by plastic markets, access to ports and tighter acceptance criteria. You can read about them on the news section of our website.
