Covid Funding

Te Whatu Ora have introduced changes as to how funding is applied for those patients who are covid positive.

Funding has been dramatically reduced and patients are now only eligible for funding if they fit very strict criteria.

You will still be able to see the doctor or nurse but will incur standard charges if you are not eligible for funding.

Pertussis (Whooping Cough)

Pertussis (Whooping Cough)
There have been 3 deaths nationwide from Pertussis (Whooping Cough).

As a practice ACHC recommends that pregnant mothers are immunised for this and can be from 16 weeks into your pregnancy.

It is also very important to ensure all childhood vaccinations are up to date. Children older than 7 years and not fully immunised can receive 'Boostrix' a vaccine given as part of the catchup programme.

This is also available to purchase for those that do not qualify for the funded vaccine.

Please telephone Amuri Health on 03 315 6328 to make an appointment or request to speak with the practice nurse to discuss further.
