

Enrol Now for 2022

Christchurch South Karamata Intermediate School is a school for 11-13 year old students. As a school we offer a caring, stimulating and challenging environment for all students to begin their adventure into adolescence. We have a reputation for being innovative, providing a strong home-room programme and a wide range of specialist subjects.

To enrol, go to the 'Enrolment' section of the school website: www.chchsouth.ac.nz, complete the online enrolment form and submit with all required documents.

Christchurch South Karamata Intermediate School has an enrolment scheme and zone. Details of this, including a printable map of the zone, are also available on the website. A school zone does not restrict students living outside the zone from enrolling. Out of zone enrolments are welcome.

Please contact the school if you need any assistance with the enrolment process.

Enrolments for 2022 close 31 August 2021
